Payment of fees

If accepted, the fee details will be sent along with the acceptance email.

Author resubmits the manuscript with requested modification/corrections which then follows screening / peer review process

Duration : 7 – 10 days

For the above normal processing , we take 3 to 3.5 weeks (approx) to complete the process for publishing.

We try to reduce this time further and it limits to the arrival of reviewer comments.

Further delay would happen if author delay in replying to our emails.

Author can check the status of their manuscript anytime in,

http://ijpbs.net/search_manuscript.php ,

In the above link they can see the waiting date. This date represents the dead line either for authors or for us. So if the delay happens from our side, author can call or email the editor or skype .

For ULTRA FAST process

(Within 1 week your paper will be published from the date of submission)

This process is specially for author who wants to get their paper published very fast (faster than the normal process). In this process once we receive all document from the author, we try to complete review process (on special request to the reviewer), galley proofing, final e print and publishing within 1 week (approx.). For this editor takes special care and authors are requested to have track in coordination with editor either by phone or skype.

For fees for this ultrafast process, request email can be sent to the editorofijpbs@yahoo.com and editorijpbs@rediffmail.com mentioning the ultrafast process.
